Town of Frederick Arts Commission
Attn: Laura Brown

Dear Laura & Art Commission Members:

It is our pleasure to present you with the following proposal. You will find attached a budget and an image that gives you the feeling of the composition of sculptures that Lyman is proposing. Please note that the image we have pulled together is intended as a direction for your review. The images we used have been enlarged to simulate larger pieces but in real life they will have significantly more arms and cups and are more elegant.

Once we have been given the go-ahead, Lyman will compose an actual layout similar to the one proposed and we will provide a schematic with placement notations for ground-mounts. Lyman will compose the display so that pieces will tuck into each other creating a dynamic Wind Forest. The final layout will be submitted for your committee's review and approval.

The attached budget includes custom shafts. We will place all sculptures on a larger format which is our Sub Huge format (2" ID shaft/pipe) and the sculptures will begin at 8-14 feet from the ground. A rough schematic is also attached that gives a starting point for the composition. Please note that this drawing is a direction rather than a plan and a final schematic will be submitted once Lyman has an approved layout.

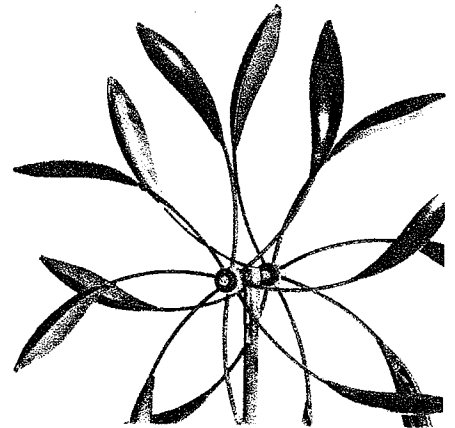

Creation of your wind sculptures will take 4-8 weeks. There are two delivery options. We will either send a knowledgeable person from our studio to supervise installation and set-up of the sculptures or we will send the sculptures via freight and Lyman will fly to your area for installation supervision as well as a dedication ceremony. The Town of Frederick will be responsible for the installation of the ground mounts which will be sent in advance and installed as per approved drawings.

Please give us a call if you have any questions.

Sincerely,

Stacy L. Christensen

<u>Name of Sculpture</u>	<u>Size</u>	<u>Published Height</u>	<u>Price</u>
Twister Oval	X-Huge	277 inches	\$ 8,300.00
Double Helix Vertical	Huge	202 inches	\$ 3,600.00
Single Helix Star	Sub Huge	161 inches	\$ 2,800.00
Double Dancer	XL	126 inches	\$ 2,400.00
Double Spinner	XL	111 inches	\$ 2,300.00
Tulip		62 inches	\$ 800.00
Sail	Lg	92 inches	\$ 1,100.00
Desert Lily		78 inches	\$ 950.00
=====			
SUB TOTAL:			\$ 22,250.00
Wind Forest Discount			\$ (2,225.00)
Custom Shafts @ 10%			\$ 2,225.00
=====			
TOTAL:			\$ 22,250.00

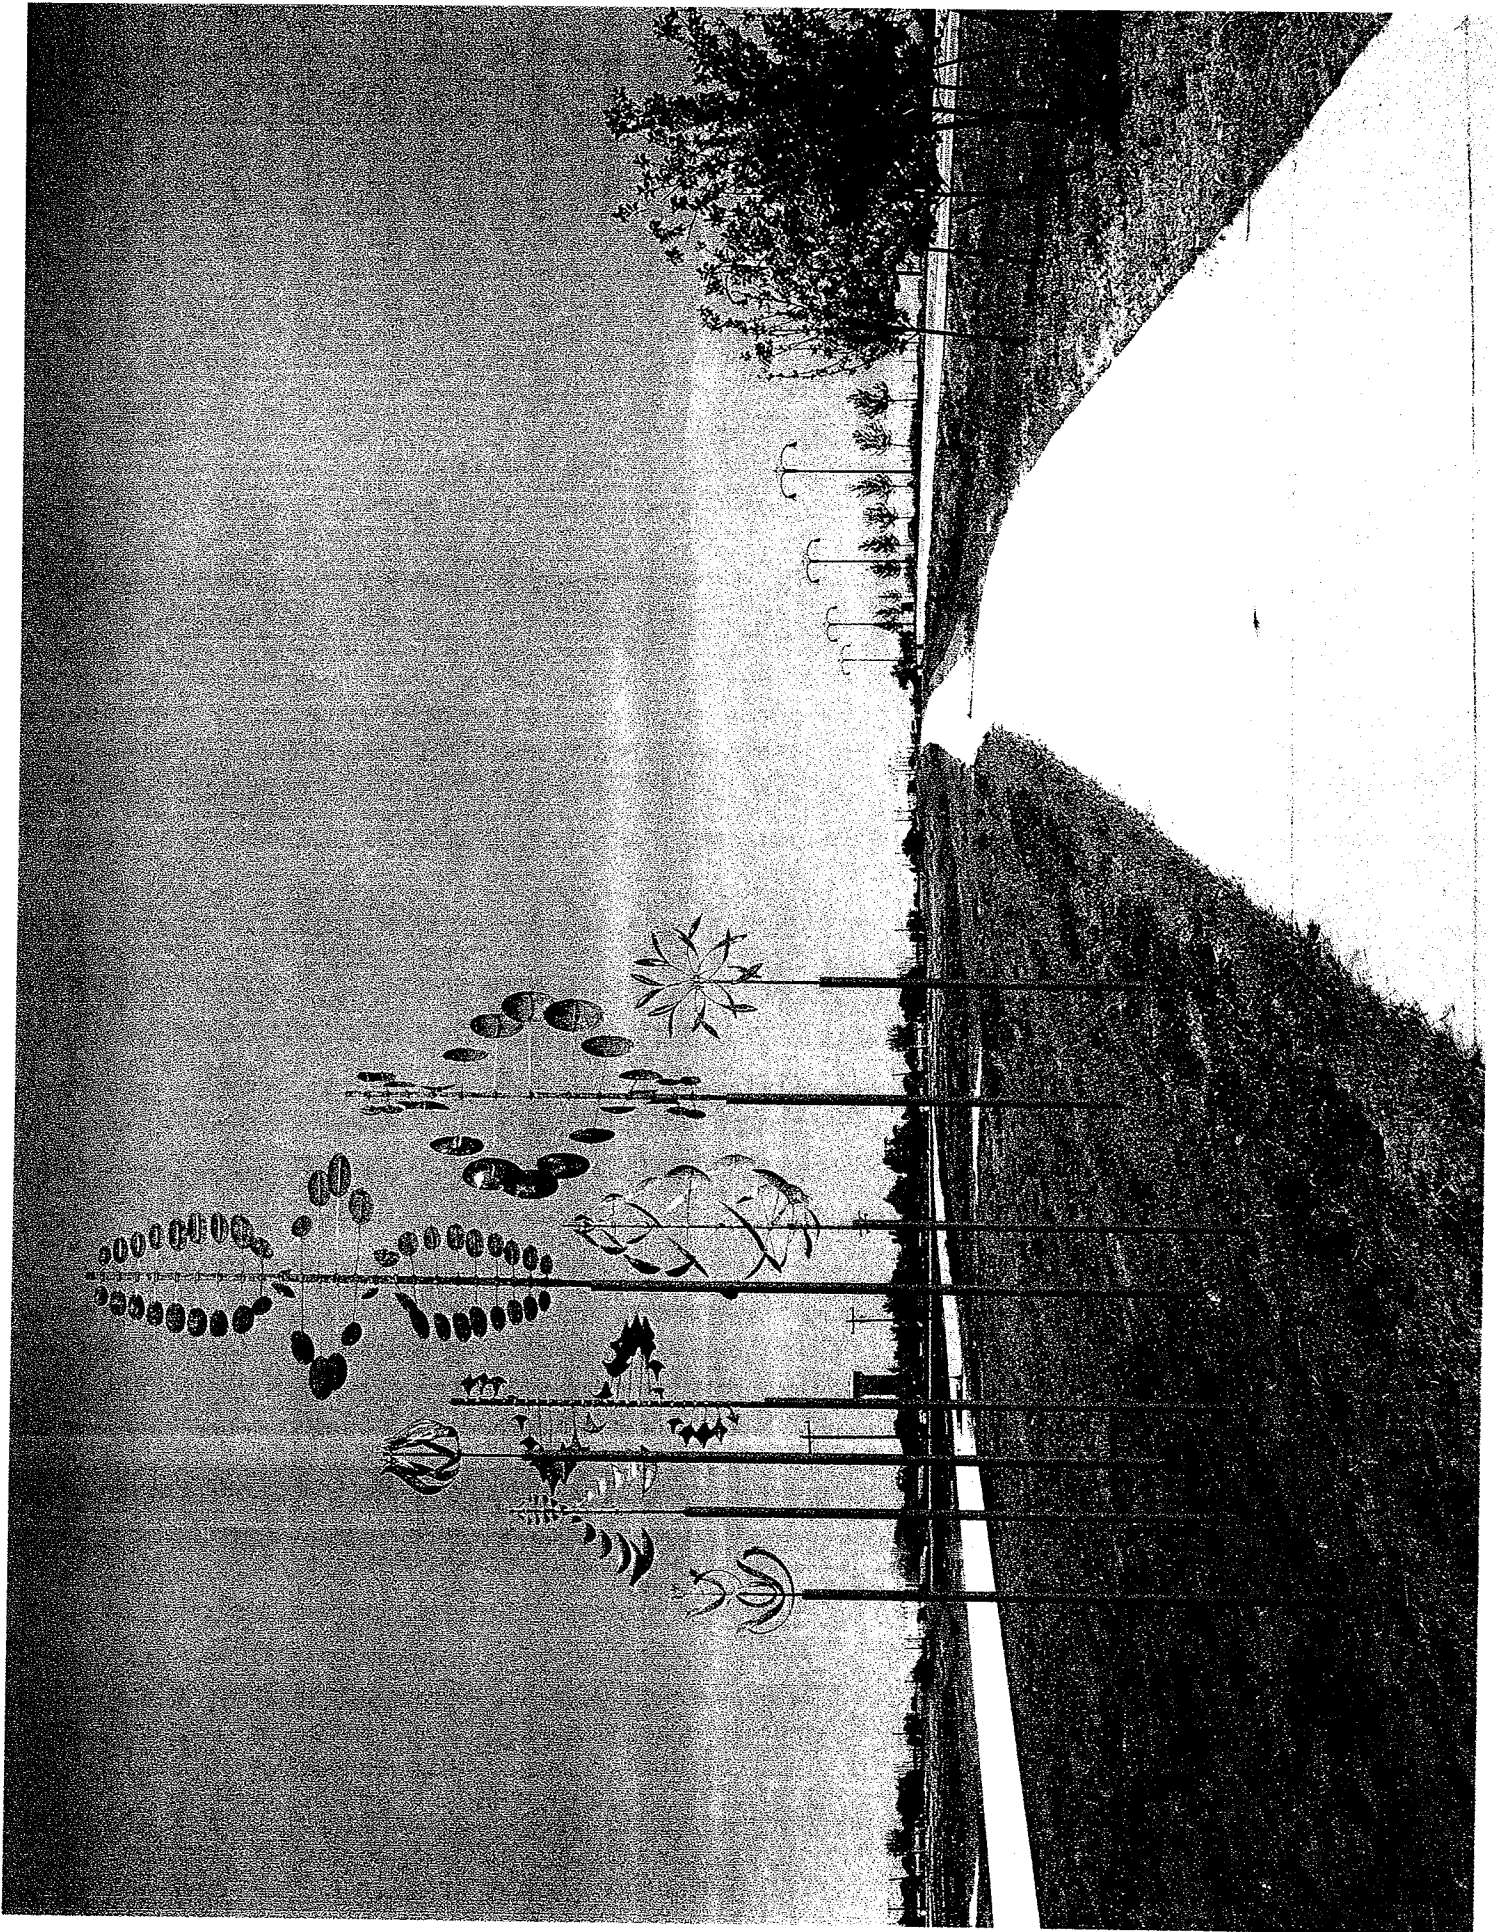

NOTE: Custom Shafts will include having the sculptural element begin 8-12 feet from the ground and will be put on a minimum of a Sub Huge format.
The actual heights will be determined in the final schematic.

DELIVERY OPTIONS

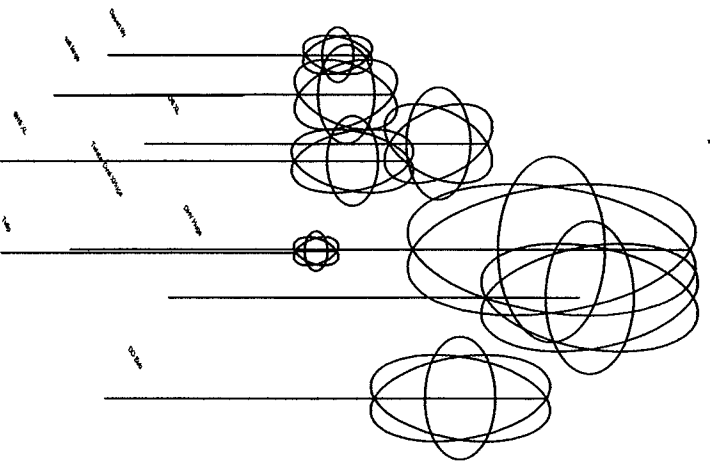

- Option A A qualified representative from our studio will drive the sculptures to the location and help with set-up. Ground mount recepticals will be installed in advance as per approved diagram.
- Option B The sculptures will be shipped via freight and Lyman will fly from St George to Denver, rent a car and can be available for installation supervision as well as a dedication ceremony. Ground mount recepticals will be installed in advance as per approved diagram.

	Range for anticipated expenses			
Option A	\$	2,500.00	\$	3,000.00
Option B	\$	3,000.00	\$	4,000.00
